

KALMAN HAFNER

**NEW: SUSTAINABLY MINED
PRECIOUS METALS**

www.kalmanhafner.com

KALMAN HAFNER

In addition to our conventional alloys, we are also offering our casting services with Fairmined and Fairtrade certified precious metals.

The Fairmined and Fairtrade Gold certificates stand for a sustainable future of small-scale mining, miners and their families and communities. The minimum price and premiums ensure fair wages and fair trade in gold and silver.

Discover our gold and silver products with a social and environmental impact.

Select from a wide range of sustainable alloys:

✓	14k / 18k rich yellow	Fairmined / Fairtrade
✓	14k / 18k red	Fairmined / Fairtrade
✓	14k / 18k white	Fairmined / Fairtrade
✓	silver	Fairmined / Fairtrade ASM

KALMAN HAFNER is a certified partner of Fairtrade & Fairmined:

Fairtrade FLO-ID: 47278

Fairmined ID: DE20017

Our joint contribution towards fair trading conditions, social change and environmental protection:

- Supply chains are **100% transparent**
- **Certifications & monitoring** by independent auditors
- Mined in **conflict-free mines**
- **Fair wages** and social premiums can be shown to be paid
- **Ban** on child labour
- Women are promoted through **additional education**
- Safe handling of chemicals or **chemical-free** mining methods
- Conservation of **water resources**
- Implementation of **measures to restore** fauna and flora
